## ACCIONA CONSTRUCCIÓN

**Pablo Serrano Pérez**

+34 607 409 471

[pserranop@acciona.com](mailto:pserranop@acciona.com)

[www.acciona.com/solutions](http://www.acciona.com/solutions)

SECTOR:

**CONSTRUCTION, INFRASTRUCTURE**

ACCIONA is a global group specializing in sustainable infrastructure solutions. With a presence in 30 countries and over a century of experience, ACCIONA is a leading force in transportation infrastructure construction. ACCIONA is well-positioned to contribute significantly to the United Nations Global Goals for sustainable infrastructure investment. Our goal is to lead the transition towards a low-carbon economy, bringing technical excellence and innovation to all of our projects.

## ACCIONA INGENIERÍA

**Alvaro Aguilar**

+34 662 355 183

[alvaro.aguilar.gonzalez@acciona.com](mailto:alvaro.aguilar.gonzalez@acciona.com)

[www.acciona.com/solutions](http://www.acciona.com/solutions)

SECTOR:

**ENGINEERING, CONSULTANCY**

With more than 65 years of experience in engineering, design and consulting services in more than 40 countries, ACCIONA provides independently managed comprehensive engineering services throughout all stages of a project, with special focus on solutions for railways (including 1,700km of new High Speed Rail), roads, maritime and industrial engineering designs, and dedicated tunnelling, structural and BID teams, among others.

## CAF SIGNALLING

**Iñigo Badiola**

+34 636 684 693

[ibadiola@cafsignalling.com](mailto:ibadiola@cafsignalling.com)

[www.cafsignalling.com](http://www.cafsignalling.com)

SECTOR:

**RAILWAY SIGNALLING**

CAF SIGNALLING is a technological subsidiary of CAF GROUP, devoted to the development, design, manufacture and maintenance of railway signalling systems. Provides integral signalling solutions for wayside and on board applications.

## CINTRA (FERROVIAL GROUP)

**Federico Gredilla**

+34 618 987 464

[fgredilla@cintra.es](mailto:fgredilla@cintra.es)

[www.ferrovial.com](http://www.ferrovial.com)

SECTOR:

**CONCESSION, INFRASTRUCTURE**

Established in 1952, Ferrovial Group is a world leader global infrastructure operator. With a €25 billion market capitalization (April 2024) Ferrovial Group is divided into four main business lines (Highways, Airports, Construction and Energy). CINTRA, Ferrovial Group's Highways division, manages 21 PPP projects in 10 different countries, with a total managed investment of €22 billion.

## COMSA

**Marc López Hernández**

+34 933 662 100

[mlopezhernandez@comsa.com](mailto:mlopezhernandez@comsa.com)

[www.comsa.com](http://www.comsa.com)

**SECTOR:**

**CONSTRUCTION, INFRASTRUCTURE**

COMSA is a specialist in turnkey railway projects for the construction and maintenance of high-speed lines, tramways, and metropolitan and regional railways. The company also carries out civil works such as roads, tunnels and bridges, as well as hydraulic, port and airport projects, and singular buildings. COMSA is the oldest construction company in Spain. Throughout its history, it has also gained a solid international presence in markets such as Brazil, Colombia, Croatia, Mexico, Portugal, and Sweden.

## ELECNOR

**Carlos González Mengual**

+34 616 990 120

[cgmengual@elecnor.com](mailto:cgmengual@elecnor.com)

[www.elecnor.com](http://www.elecnor.com)

**SECTOR:**

**ENERGY EPC CONTRACTOR (ELECTRIFICATION)**

ELECNOR has become one of the most outstanding European business groups and a benchmark in the infrastructure sectors, with more than 60 years of continuous growth (23,000 employees and €3.8 billion turnover) and presence in 55 countries. ELECNOR promotes, develops, and constructs all manner of infrastructure on all five continents, including concessional projects.

## FCC

**Alcibiades López**

+34 669 671 558

[alopezc2@fcc.es](mailto:alopezc2@fcc.es)

[www.fcc.es](http://www.fcc.es)

**SECTOR:**

**CONSTRUCTION, INFRASTRUCTURE**

FCC, with over a century of experience, is one of the world's leading infrastructure and citizen services group with a footprint in more than 30 countries and more than 67,000 staff. FCC has already a strong presence in the Czech Republic through FCC Environment and FCC Aqualia.

## GRUPO PUENTES

**Elena Falaleyeva**

+34 659 600 336

[efalaleyeva@grupopuentes.com](mailto:efalaleyeva@grupopuentes.com)

[www.grupopuentes.com](http://www.grupopuentes.com)

**SECTOR:**

**CONCESSION, INFRASTRUCTURE**

Leading European bridge construction company, with more than 40 years of experience in international markets. Highly specialized in all construction types: movable scaffolding system, shoring tower bridge formwork, progressive cantilever method, strut-and-tie and compression strut, cable stayed bridges, precast concrete bridges etc.

**IDOM**

**IDOM**

**Arianna Palaferri**

+34 682 147 403  
apalaferri@idom.com

[www.idom.com](http://www.idom.com)

**SECTOR:**  
**ENGINEERING, CONSULTANCY**

IDOM is a global engineering firm, providing design services for the railway business in 120 countries of the world. We have a strong history in rail and transit planning, design and management. We have accumulated over 25 years of experience in the design of rail, urban transport and metro systems. Our expertise can cover all the stages of the project lifecycle, from early stages to operation and maintenance.

**INDRA**

**indra**

**Pedro Bustillo**

+34 649 887 333  
pbustillo@indra.es

[www.indracompany.com](http://www.indracompany.com)

**SECTOR:**  
**IT, MOBILITY**

INDRA is a Spanish leading global technology and consulting company with worldwide presence. Indra is a world-leader in providing proprietary solutions in specific segments in transport and defence markets, and the leading firm in digital transformation consultancy and information technologies. INDRA's mobility and technology division covers all transportation areas including railways, engineering, traffic and infrastructure, urban and interurban mobility, airports and ports.

**INECO**

**ineco**

**Rocío Gutiérrez**

+34 667 700 925  
rocio.gutierrez@ineco.com

[www.ineco.com/ineco](http://www.ineco.com/ineco)

**SECTOR:**  
**ENGINEERING, CONSULTANCY**

INECO designs innovative, integral and technological solutions that contribute directly to improving the quality of life of millions of people. We provide the engineering and consulting capabilities our clients need for the development and management of their transport systems. These capabilities extend to all sectors: aviation, rail, roads and maritime.

**OSSA**

**OSSA**  
OBRAS SUBTERRANEAS

**David Escribá Ros**

+34 670 036 298  
david.escriba@ossaint.com

[www.ossaint.com](http://www.ossaint.com)

**SECTOR:**  
**TUNNELING, CONSTRUCTION**

Founded in 1952, OSSA is a leading company in the underground construction sector, working in four business segments: civil works, energy, mining and services. OSSA is involved in underground excavation projects using the drill & blast (NATM), TBM, roadheaders and mechanical techniques.

**Jesús Real Martín**

+34 689 545 048

[jreal@syneox.com](mailto:jreal@syneox.com)[www.syneox.com](http://www.syneox.com)**SECTOR:****RAILWAY SYSTEMS**

We are global leaders in the integration of technical know-how for the creation and maintenance of competitive and durable railway infrastructures.

**TALGO****Enrique Riesco**

+34 696 414 316

[eriesco@talgo.com](mailto:eriesco@talgo.com)[www.talgo.com](http://www.talgo.com)**SECTOR:****ROLLING STOCK MANUFACTURER**
